Subject: SHIPMENT OF AIR VENT
COMPONENTS WHICH HAVE
DELAYED ON BACK-ORDER
FOR EAGLE II 914 KITS

We have finally begun receiving deliveries of the long-delayed ball valves, scoops, and cover boxes for the air vents in the subject kits. Shipments commenced on 03-21-80 and will continue as rapidly as possible until all back orders are completed. We are receiving parts from the manufacturer at a rate of only 10 sets per week, but this is steadily accelerating, and we expect to have all back orders cleared within four weeks.

We sincerely apologize for the delay in completion of delivery of your 914 Kit. We will make every effort to avoid similar delays in the future.
