Subject: ADDITION OF VENTILATION
AIR OUTLETS

The 30343-001 ventilation air outlets were originally included in the 915 Canopy Kit. These parts have now been relocated to the 914 Fuselage Panels Kit to make installation simpler and more convenient. The installation procedure for these parts has been added to the 914 product manual as a part of manual Revision 7 which was issued on 06-12-80.

The air outlets have been shipped to customers to whom the 914 Fuselage Equipment Kits have been shipped previously.
