Subject: NEW CANOPY JETTISON TAB
 IN 915 CANOPY KIT

The 30339-001 canopy jettison tab has been replaced by an improved new tab identified as part 30236-001. The new tab is more rigid and is easier to install and adjust.

The new tab is being sent to all builders to whom the 915 Canopy Kit has shipped. A new 31346-001 jettison tab placard is also being sent.

The new tab should be installed on your Eagle aircraft as soon as it is received, and the old tab should be destroyed. The original tab mounting screw may be re-used.
