Subject: REDESIGNED ALTERNATE
AIR DOOR FOR EAGLE II
AIRCRAFT

The 31024-001 Door which provides alternate engine air supply has been redesigned to increase opening clearance between the door and the air box. The 31013-001 Air Box Cover and the 31022-001 Plate have also been redesigned to match the contour of the new air door.

The air door installation procedures in the 920 Cowling Kit Manual are not affected by this parts modification. Any part number changes will be noted in the next product manual revision.

The new parts will be supplied in future 920 kits, and any builders who wish to convert their existing air door to the new design may purchase the following parts:

1 ea	31013-001	Air Box Cover
1 ea	31022-001	Plate
1 ea	31024-001	Air Door
15 ea	50070-001	Washer
26 ea	50122-001	Rivet
1 ea	50344-001	Rubber Sheet

Enclosures:

None
