Subject: LUGGAGE AND TIEDOWN  
STORAGE KIT FOR EAGLE II  
AIRCRAFT

The enclosed Engineering Sketch X-90152 depicts the new 925-SL Storage and Tiedown Kit for the Eagle II aircraft. The kit is composed of two overnight bags and a case for storing the 925 Tie-Down Kit items. The bags are shaped to fit the Eagle II luggage compartment, and the storage case is shaped to fit the floor of the luggage compartment, and is attached with two Velcro strips. The overnight bags and storage case fill the luggage compartment completely to ensure the most efficient use of compartment space.

All pieces of the 925-SL Kit are professionally crafted from durable black Cordura nylon fabric which matches the Eagle II upholstery and seatbelt pads. Zippers and hardware elements are of the highest quality, and all items are identified and trimmed with the colorful Christen or Eagle aircraft logotype emblems.

A carrying case for the wheel chocks has been added to the 925 Tie-Down Kit and it will be included in future shipments of the kit. Eagle builders who have already received their 925 Kit may order the carrying case separately.

All of the items described above are now available for immediate delivery as follows:

925-SL STORAGE AND LUGGAGE SET, COMPLETE

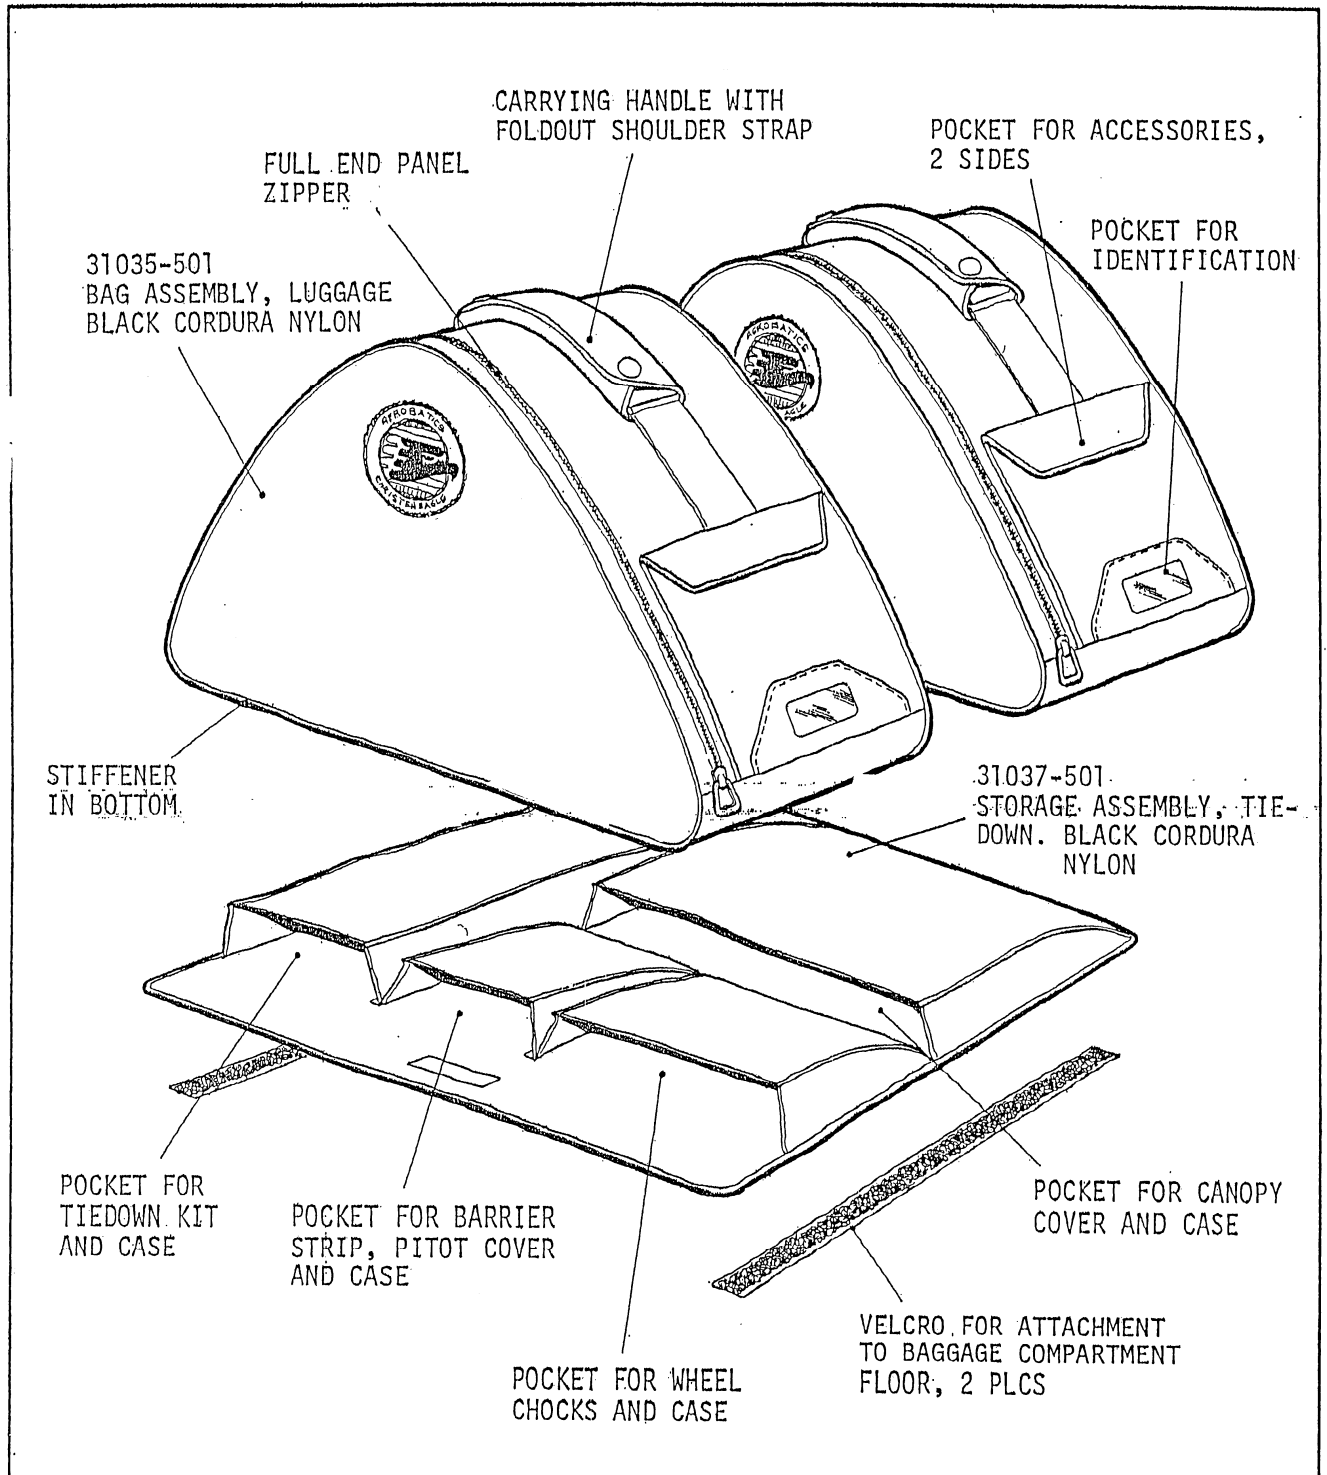

31035-501 OVERNIGHT BAG ONLY (2 per 925-SL Kit)

31037-501 TIE-DOWN STORAGE CASE ONLY (with Velcro)

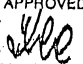

31034-501 WHEELCHOCK CARRYING CASE ONLY (from 925 Kit)

## ENCLOSURES:

1 EA ENGINEERING SKETCH X-90152

NOTE: TWO BAGS AND ONE STORAGE CASE = 925-SL STORAGE AND LUGGAGE SET
