Subject: Optional Concorde RG-25  
Battery Installation

C  
U  
S  
T

It has recently been reported that the gel-cell battery currently being used in the electrical systems kit, may prove to be inadequate for some circumstances.

We have, therefore, decided to offer an optional battery installation using the Concorde RG-25 Battery.

This battery is a recombiante gas battery and appears to have better qualities, ie: starting in cold weather climates, longer cranking power, and less frequent replacements.

Eagle builders who wish to purchase this kit, may order from AVIAT AIRCRAFT INC., Kit #895 (includes battery) or Kit #895-L (less battery)

KIT # 895

<u>PART NO.</u>	<u>DESCRIPTION</u>	<u>UNIT</u>	<u>QUANTITY</u>
30655-014	TIE ROD, THREADED	EA	2
31097-003	CLAMP, BATTERY	EA	1
31199-501	WIRE ASSEMBLY	EA	1
31199-508	WIRE ASSEMBLY	EA	1
60066	BATTERY, RG-25	EA	1
50501-001	SKETCH, RG-25	EA	1

KIT # 895-L

<u>PART NO.</u>	<u>DESCRIPTION</u>	<u>UNIT</u>	<u>QUANTITY</u>
